<u>DIRECTIONS:</u> Compare this student to others in the setting when rating each characteristic. For example, if a student exhibits more oppositional characteristics than just about any other student, circle a 7 or 8. If the student is one of the most compliant students, circle a 1 or 2. If the student's behavior in that characteristic does not call attention to itself because the student is like his peers, circle a 4 or 5. If the observer did not observe, circle DNO.
