Monongalia County Schools' WV Virtual High School Courses Application Procedures

1. The student and parent completes and submits a Monongalia County Schools' Application for On-Line Courses, this form (MCS WV Virtual High School Courses Application Procedure), and West Virginia Virtual School Consent Form at the school scheduling time. These forms are to be submitted to the school principal.
2. The student must also apply for WVDE e-mail account and receive Acceptable Use Training.
3. The school's principal will forward the MCS WV Virtual High School Courses Application Procedure, MCS Application for On-Line Courses and WV Virtual School Consent Form to the County Virtual School Coordinator.
4. If the student has an IEP (Individual Education Plan), an IEP team meeting must occur prior to enrolling.
5. Upon receipt of the above documents, a meeting with parent/guardian and the superintendent of schools or his/her designee may take place.
6. If the MCS Application for On-Line Courses application is approved, it will be the student's responsibility to pre-register at <https://wveis.k12.wv.us/vschool/courses/coursecatalog.cfm> through the West Virginia Department of Education.

GUIDELINES

- The student may only take a course that has been approved by WVDE. A list can be viewed at the following website: <https://wveis.k12.wv.us/vschool/courses/coursecatalog.cfm>
- Parents/Guardians may be responsible for tuition and instructional materials cost if funding is not available through the West Virginia Department of Education.
- A facilitator/mentor will be assigned by the school to help monitor the student's progress. Virtual School course grades will be posted at the end of each semester. If 50% of the coursework is not completed by semester or 100% by second semester, the student will receive an I (Incomplete) on the school report card. Within two weeks after the school report card is issued, all incomplete grades will be changed to the grade the student has earned and been assigned by the VS instructor. The facilitator will directly receive an official grade from the VS instructor for grade reporting and transcripts.
- All of Part 1 of a course must be completed by January 20th. All of Part 2 of a course must be completed by the last day of school. Each class consists of two parts. A full year of Math consists of Math Part 1 and Math Part 2, for example. You can finish Part 1 before January 20th and start Part 2 early. But the last day for Part 1 is Jan. 20th and for Part 2 the last day of school.
- Authorization from Monongalia County Schools is required for a student to withdraw from a Virtual School course. The student and/or parent must contact the school's administrator with the request in writing. The principal or designee (School VS Contact) will correspond in writing with the county VS coordinator. Upon reviewing the request and all other pertinent information. The parent and student will be notified of the decision.
- The student is required to attend any assigned sessions with the facilitator.
